# Love horses? Make your passion your career!

Horses are perhaps some of the most beautiful animals in the world and that is why so many people want to work with them. So, if looking after animals or horses is your number one career choice read on to find out about the many opportunities and career paths available in the racing industry! Thoroughbred racehorses are some of the best cared for animals in our country. It is no surprise that Horseracing is the second largest spectator sport in our country and the largest sporting employer, with over 85,000 people employed within the industry in more than 100 different careers.

Racing and Thoroughbred breeding offers a range of exciting and challenging roles and training opportunities that allow you to progress to where you want to be. You could be involved with breeding or training some of the best racehorses in the country, possibly even the world, or pursue a career in another part of this diverse industry. From Racing Grooms to Digital Editors, there is something for everyone in Horseracing.

There are two specialist training colleges for you to choose from – the National Horseracing College in Doncaster and the British Racing School in Newmarket. They both offer a residential foundation course in Racehorse care, and other routes in, if you are looking for a career change. Once you have successfully completed your foundation course you will go on to complete a Level 2 Apprenticeship whilst working and earning! You might also like to consider training at the National Stud based in Newmarket, to learn how to look after mares and foals, if you want to work in the Thoroughbred breeding industry. Finally, you can also train at the Scottish Racing Academy, which offers a range of courses based on your experience with horses, for those who live in Scotland and other areas in the north of England.

**W**e are very much looking forward to the 2026 turf season. 2025 was an unbelievable year for us and we can look back on some incredible moments and achievements. We ended the season leading Northern trainer for the fourth year running and leading overall two year old trainer with over £4,000,000 in prize money and a total of 145 winners.

We had 38 stakes winners last year and highlights included Venetian Sun winning the Albany at Royal Ascot, giving Cliff Lee his first Group Royal Ascot winner and then the pair went on to win the Duchess of Cambridge stakes at Newmarket. We also had an Irish Champions Day to remember with three winners and further placed horses over at Leopardstown and The Curragh including our super star mare Fallen Angel who has stayed in training to race on this year.

As always we enjoyed travelling to Ireland, France and Germany having group success overseas and we then ventured a bit further afield with Royal Champion who headed over to Bahrain and won the international trophy stakes there, he then went on to give us our first winner in Saudi Arabia scorching home by five lengths to win the Neom Turf cup held at Riyadh race course. The middle east circuit offers amazing prize money and we were delighted to have horses of a high enough calibre to compete. We also took a small team to Dubai for their winter carnival and secured our first Dirt winner with Antrim ridden by one of our stable jockeys Sam James giving him his first UAE winner.

We were saddened by the loss of large supporter to the yard, Sheikh Mohammed Obaid who sadly passed away at his home early in the New year. He trusted us with a large team of his horses and some massive ammunition with the fabulous horses he sent for us to train. He took great pride in his breeding operation as well as the plans for his horses in training. We hope his legacy lives on with his continued success at high level.

Along with some top tier older horses to go in to 2026 with we have an exciting team of two year

olds this year and we are a yard that thoroughly enjoys teaching and bringing on our youngsters and watching them progress. We strive each year to continue a good run with them and find some new champions amongst them. The sales are a busy but enjoyable time of year and a lot of satisfaction comes when you have managed to be involved with the selection of a yearling that then goes on to be a big winner.

To achieve the results we strive for you need a strong team behind you and we are lucky to have a top team of staff that are invaluable to the smooth running of a large operation both at home and at the races. Our team was recognised at the Godolphin thoroughbred industry awards where we had two finalists and our travelling head lad Kieran Kourdache took the rider/Groom award followed by the overall employee of the year award which was a great achievement for him and all the team who supported him. The yard as a team also won two world pool moments in 2025 with celebrations from Fallen Angel's win in Leopardstown and Royal Champion's win in Saudi Arabia where the team won over £8000.

We hope you have a great Open Day and enjoy looking round and viewing our exciting team of horses. If you require any further information our staff will be happy to help.

# LIAM BAILEY FOULRICE PARK RACING

**Liam Bailey's Foulrice Park Racing operation is based at Little Spigot, conveniently situated between the High and Low Moor gallops. Our small yard (25 boxes) focuses mainly on the flat and seeks to deliver a friendly, club ownership experience. Everyone supports each others horses and shares the highs and lows as a team.**

Liam's young but experienced team is steadily developing a strong reputation for delivering impressive results while operating within a modest but sustainable budget. Core to this is an astute approach to sourcing horses at reasonable prices from the British and Irish sales allowing smaller owners affordable access to success.

The modus operandi of the yard has changed slightly in recent years in an effort to adapt to the changing race programme. Originally we were predominantly aimed at the turf but, as a response to the introduction of the ARC bonus prize money scheme through the winter, we now have around a third of our string focused on all weather racing. Beneficiary has been our

flag bearer in this sphere for a couple of years but this winter the standout performer has been Pit Boss. Bought cheaply last summer, he has won 5x his purchase price in prize money already and is in line to earn the same again through Horse of the Year bonus.

As a response to rising prices in the Horses in Training sales, we have also started to buy yearlings, particularly from the Irish sales in November, and this is also beginning to reap rewards. Last summer Say What You see was our star performer, including winning a lucrative Racing League race, while Henry Halflight and Angelardo have both won over the winter – all were sourced as yearlings, and we have another handful coming through including the promising Wave Power.

Alongside the youngsters, we will still have a number of familiar faces running on the turf this summer. Proven stayer Clansman has been tuning up (and winning) on the all-weather ahead of his usual spring soft ground campaign, Dicko the Legend will be back to try to win at York for the third year running and multiple sprint winner Protest Rally will be back in training shortly after an injury setback. We are also looking forward to introducing a few new recruits to our ranks including Dorney Lake and Ottawa.

We look forward to welcoming familiar and new faces to Little Spigot on Open Day.

**W**ith over 45 years of experience in the racing industry, Micky has trained numerous winners at all levels, with a particular focus on developing young talent, horse, and human, maximising all potential. His passion for the sport and his deep understanding of racehorses is what makes his yard a special place.

Micky's ethos - Our aim is to treat every horse as an individual, and our team's commitment to

their well-being and training is second to none. The results speak for themselves, with numerous victories and successes on the track.

Micky is now looking forward to the much-anticipated collaboration with assistant trainer Becky Smith. Micky and Becks plan to start the 26/27 national hunt season on a joint license. It's something we all at team MH are looking forward to, and hope it will bring a fresh new look to the already very successful establishment.

Today, Micky and the team are excited to show you around the stables, introduce you to the horses, and share insights into the day-to-day workings of a top-level racing operation. Whether you're a lifelong racing fan or new to the sport, this day will give you a real feel for what it takes to be part of this exhilarating world.

While joining the team at Oakwood Stables make sure you check out Hayley's bake sale, situated at the top end of the main yard you will receive a warm welcome from our Thoroughbred Industry Community Award Winner and a tasty treat. All cakes are donated by friends of the yard, and of course all proceeds go to charity!

As you walk round the yard make sure you get a picture in your favourite set of colours or with your favourite horse and why not have a go at riding a racehorse yourself.... Little Norm the equicizer will be situated round the back of the yard, where our jockeys Aiden Brookes & Josh Thompson will be more than happy to give tips on riding a winner!

We have a very exciting new racing club;

**We are delighted to be welcoming everyone back to our yard here at Top Barn Highbeck Stables. The facilities here in middleham are fantastic and purpose-built for training. We are lucky to be ideally situated between Middleham's High and Low Moor gallops.**

I started training in 2019 after an injury ended a successful 17-year-long riding career. During this time, I am proud to have brought home just shy of 1,000 winners. Some highlights of this career included Royal Ascot winners, a four-timer on John Smiths Cup Day at York, and also winning the Gimcrack back at the same track.

This extensive experience being in the saddle on the track up and down the country provides a unique understanding of the nature of winning within the sport. I carry this experience into everything we do on the yard to tailor our training to each individual horse. With the assistance of my small, dedicated team, we strive to create the ideal training environment for our horses in the pursuit of the best possible outcome.

My first year with a licence yielded 11 winners with horses such as Galloway Hills, Scuzeme,

and Lahore setting the standard for the yard. Since then we have prevailed through and continued to bring a tailored training program to each individual horse for both those in full training and all pre training programs. Bringing home success for our owners each year to date.

This year we have a selection of youngsters ready to make their debut alongside returning older horses including Impartiality, Impressor, Captain Vallo & Military Leader to name a few. All who have demonstrated high performance throughout the previous years. We are excited to see all the horses' development in the coming season, with some exciting 2yo.

We would like to give a massive thank you to our loyal owners for their continued support and hope you all enjoy visiting our yard.

## ACCESSIBILITY

The open day itself is accessible, and there are several yards that are flat and wheelchair-friendly. There are some yards where the ground isn't as level or safe; however, the majority of those in the town of Middleham should be safe. There is disabled parking at Middleham Key Centre (Park Ln, Middleham, Leyburn DL8 4RA) or Middleham Primary School (Park Ln, Middleham, Leyburn DL8 4QX), which is right in the heart of the town.

We recommend visiting yards such as Johnston Racing (Kingsley and Warwick House), Neil Mechie and Micky Hammond, as they should be the most accessible and flat.

THERE WILL BE DISABLED CAR PARK AND TOILET AT THE KEY CENTRE ON PARK LANE

# CHARLIE JOHNSTON

Since taking over the reins from his record-breaking father, Mark, at the beginning of 2023, Charlie Johnston has trained well over 400 British winners from his Middleham base. Hugely ambitious, he is determined to bring further top level success to the owners within the stable and to build on a year which saw the yard come so close to success in both the Derby and its Irish equivalent. Kingsley House and Warwick House, Middleham, Leyburn, North Yorkshire.

The highlights of the Johnston Racing campaign in 2025 were largely provided by the three-year-old colt, Lazy Griff. A Group winner at two, Lazy Griff chased home Lambourn at Epsom to finish second in the Derby, and three weeks later, he showed tremendous determination to finish with a rattle in third behind the same colt in the Irish Derby at The Curragh. Injury prevented him from adding to that record, but he remains in training and his rehabilitation is proceeding well. In October, the juvenile filly Venetian Lace was another to shine in Group 1 company, keeping on well to finish

second to Precise in the prestigious Fillies' Mile at Newmarket.

In all, a total of 134 winners across the year saw the stable's astonishing streak of successive centuries of British winners within a calendar year stretch to a remarkable 32! Pleasingly, those 134 winners were achieved at a healthy win strike rate of 14.5%, with a total just shy of £2.6m having been accumulated in British prize-money, figures which represent a significant improvement on the 2024 statistics. As ever, Charlie will be aiming higher still in 2026!

# NEIL MECHIE

**There is lots to get excited about at Mechie Racing. The Mechie Racing club enters its second year offering affordable racing club action with shares in jumps horses and flat horses to keep the entertainment going all year. We are looking forward to 2026 with a few returning old warriors, Monticello and Gold Ring the old stayers. We have a bunch of young flat horses we hope we will be successful with on the track as the year progresses. As ever we are looking to expand the yard inviting new owners and horses into the mix. We are a small yard that does things differently for the benefit of the horses.**

**O**ur children Willow and Hew would have you believe they are integral parts of the team and are often with us at the races or at home on the yard. Jockeys come in to school and ride out regularly which helps take a few lots off Lucy's hands.

We started training Point-to-Pointers during my time as one of the resident vets at Mark Johnston's flat racing yard in Middleham. I gained a wealth of experience during my eight years there. Lucy has grown up with horses and has ridden from a young age. She enjoys riding away the young horses we break in ourselves, schooling and going racing.

We have already had quite a lot of success, training 21 winners from only a handful of horses point-to-pointing and under rules. One of the many things I took from working at Johnston Racing is the

importance of attention to detail, so every horse is exercised, fed and looked after in order to achieve each individual's best potential. Being so small, the yard can hold a maximum of 16 horses, we know each horse in intricate detail, allowing us to get the best from them all. Our veterinary knowledge allows us to keep the horses in the best possible health and treat any issues quickly and thoroughly. We are always striving to get the best results and make our own facilities better.

The yard ethos is professional, determined and progressive, where innovation meets tradition. We have a small selection of horses for sale or syndication, details of which can be found on the next page. Please come down and see the historic yard and have a chat if you are interested in being a part of this developing enterprise.

**H**orses are accommodated in an American barn stabling 36 horses, with a five-bay horse walker, all-year turnout paddocks, a turn out pen and lunge ring. Excellent off-site summer grazing is also available to rest horses and provide an outstanding level of care and welfare.

At the start of 2026, Jedd has 21 horses in training at the yard. The 2025-26 National Hunt season has been an excellent campaign. Ninna Collina won three Mares' Novice races and collected £60k in Great British Bonuses. He's Bresilian won two races, the latest being an impressive win in a handicap at Carlisle. Ronnie Russet won two NH Flat races, the latest under a penalty by 11 lengths, and heads to the Aintree Grand National Festival for the Grade 2 Bumper.

Other notable performances were Vintage Fizz, who finished a close second at Market Rasen, Ip Up, who ran a lovely race to finish second in France at Fontainebleau, and Hurlyburly achieving second in his final NH Flat Race at Haydock.

2025 was another successful year for the flat horses. Dan Tucker was a standout performer winning three races, his third being a competitive 5f handicap at York. He sold extremely well in the autumn to Bahrain. His half-sister Lady Hornblower won a maiden at Beverley and picked up a £20k Great British Bonus. She is an exciting filly for the future. Ravishing Beauty won two races last season at Pontefract and Nottingham, and the now 11yo legend Saisons D'Or also won two races at Southwell and Catterick, the latest being his 11th success. Jedd is looking forward to sending out a strong team of horses as the flat turf season gets under way.

Thank you to photographers Hannah Ali, John Grossick and Paul Carter for their kind permission given to reproduce their fantastic images of our winning team for the benefit of Racing Welfare Middleham.

**E**dward has achieved a huge amount in the short time he has been training since 2021 having taken the licence over from his father James, who trained successfully.

Having grown up watching his father and his success, as well as travelling the world working at some of the best training yards, this has been a solid foundation for Ed. He has set out in earnest with drive and determination, and has focus to achieve his goals and to build year-on-year.

In this short time Ed won his first Group 1 after only three years of training, as well as multiple Group placings and many Listed winners. To add to this enriched list he also had his first Royal Ascot winner in 2024. This success doesn't come without a fantastically skilled team that

Ed has built up over the past few years and all of Bethell Racing's team play a vital part in achieving results like this.

Since Ed has been training, he and the team have been building on each year and the results have proven this with the strong statistics along with winning over £1,000,000 in prize money for the past two seasons. This has set a very good solid foundation to build on for this season and the future. The team are constantly striving for more and each season has proven this, we are very excited to see what 2026 has in store for the team.

With an exciting yard of horses across their varied age groups and the solid team of individuals that Ed has, this is sure to be a very exciting year ahead and for the future.

# HOUSING CASE STUDY: TRACEY

**TRACEY'S STORY BELOW ILLUSTRATES WHAT RACING WELFARE SUPPORT LOOKS LIKE.**

**A**fter working in the industry for 43 years, Tracey found herself in a position she couldn't have foreseen. Spending 19 of those years working in the breeding sector, her role was physical and demanding, from foaling mares and night checks, to preparing horses for the sales, and having the sole responsibility of caring for top mares and stallions that lived out in the fields. It was work she was immensely proud of.

Managing a knee injury following an accident with a horse, Tracey developed osteoarthritis, made worse by working a physically demanding job. She noticed it really started to affect her when working night shifts outdoors in the cold. She was told the only option for her pain was knee replacement. During her consultations, Stenosis was detected on an MRI scan, and a risk of amputation became too high for them to justify the knee replacement operation.

Tracey said *"I was really struggling with the pain and mobility limitations and could not see a light at the end of the tunnel. I was in a really dark place and experienced suicidal thoughts"*.

Encouraged by her friend, Tracey picked up the phone to Racing Welfare.

One of our Newmarket-based Welfare Officers responded quickly, meeting with her and coordinating support at a time when everything felt fragile. Counselling sessions were arranged without delay, giving Tracey space to speak openly about how close she had come to losing hope. Practical support followed, including help with applications for Personal Independence Payments, Employment Support Allowance and Universal Credit, restoring a degree of financial stability.

Soon after this process started, Tracey faced redundancy, which meant she was going to lose her tied accommodation. At the very moment she was struggling with chronic pain and uncertainty about her future, she was also facing the prospect of becoming homeless.

Finding suitable accommodation was not straightforward. Tracey required ground-floor access because of her mobility limitations, and she was determined not to be separated from Duke, her dog and best friend. Private rental options were limited.

Through Racing Homes, Tracey was introduced to a suitable ground-floor property. Within two weeks, she had moved in, settling just before Christmas. The speed of that move brought immediate relief. Being able to remain with Duke meant everything.

Support did not end there. Through Racing Welfare's Check In and Chat service, Tracey now receives regular calls, including one she received on Christmas morning that she has described as deeply uplifting at a difficult time. Slowly, she has begun building new friendships within her community, rebuilding confidence step by step.

Tracey said *"I would urge everybody to get in touch with Racing Welfare because they offer support with things that people may not be aware of. The whole team are supportive and will try to help with any issue. I feel much safer, happier and hopeful and I am excited to attend more Racing Welfare community events and really look forward to my check in and chat calls once a week"*.

Wensleybale have been growing and harvesting top quality Timothy haylage and Ryegrass haylage for over 20 years. Grown specifically for racehorses, we have built a strong reputation for supplying consistently high quality haylage forage to training establishments across the country

## OUR PRODUCTS

---

### 1ST CUT TIMOTHY GRASS HAYLAGE

Our main product and ideal for racehorses which are being fed large amounts of high energy concentrate feed. It is completely dust free and has a number of benefits:

- Very palatable and sweet smelling
- High in digestible fibre
- Low in protein

### 1ST CUT RYEGRASS HAYLAGE

10% of our First Cut production is Ryegrass haylage produced for certain customers on request. Ryegrass haylage is higher in energy and protein than Timothy and not as fibrous.

### 2ND CUT HAYLAGE

Ryegrass and Timothy are both produced as a cheaper option for horses out of training and leisure horses.

### THE BALES

The bales are approximately 140cm long, 80cm wide and 70cm high which are generally delivered 6 bales per pallet unless otherwise requested

All bales are individually wrapped with several layers of plastic to prevent any fungal growth. We aim to make all the haylage as dry as possible usually to about 70-75% dry matter to achieve the best possible conditions for mild fermentation and a dust free end product.

After each bale is individually wrapped they are stacked 6 bales per pallet to reduce handling of the individual bales and therefore reducing the risk of any damage or change to the wrapped environment.

Each pallet of 6 is then wrapped for extra protection and finally a plastic hood is put over the pallet to keep the bales as clean and dry as possible.

# PATRICK NEVILLE

## Welcome to PATRICK NEVILLE RACING

**A dual-purpose training yard based in Coverham, Leyburn, North Yorkshire under Grade 1 Cheltenham Festival-winning trainer Patrick Neville and home to The Real Whacker.**

**P**addy, originally from the small village of Ballysteen in County Limerick began training racehorses in 2006 and moved to the UK in 2019.

Although Patrick Neville Racing is a small yard, Paddy is punching out multiple successes; his greatest to date being his Grade 1 win in the Brown Advisory Novices' Chase at the 2023 Cheltenham Festival with The Real Whacker. The Real Whacker has continued to bring home the trophies after winning the Grade 2 Bet365 Charlie Hall Chase at Wetherby in November 2024 and finishing fifth in the Cheltenham Gold Cup in March 2025. Paddy also enjoyed success with N'golo winning the Grade 3 Swinton Handicap Hurdle in 2022.

All the horses at the yard are stars and they continue to thrive and show their potential at nearby racecourses such as Catterick, Wetherby and Newcastle. Notable recent wins include: Consecutive winner of the Stone of Destiny Handicap hurdle at Perth, Three doubles at Sedgefield, Moonbow two wins at Perth, Follow Your Luck two wins at Sedgefield, Cosmic Soul two wins and The Last Cloud's three wins at Perth and two third places in Class one races at Aintree and Doncaster.

Paddy's team consists of hardworking and dedicated individuals, and they will be around the yard to assist and answer any questions.

**Jamie, Barry, Emilie, and Yann** (Work riders) – very experienced and knowledgeable riders who endure all weather conditions to make sure the horses are ridden out.

**Nicki, Grant and Prem** (Yard staff) – all are well known around Middleham stables and have plenty of experience and knowledge.

**Helen Shields** (Travelling Head lass) – Helen has always had a passion for ponies and horses. She was involved in the pony club at a young age and competed in many events. Helen has been helping Paddy for a couple of years – she is an asset in talking to owners at the races and she is not shy in picking up a shovel to help at the yard.

**Lisa Pickering** (Racing Secretary) - Lisa was Ferdy Murphy's secretary for three years (2000–2003) where she had an excellent rapport with the owners and staff at Wynbury Stables. Lisa is hoping to strengthen relationships, welcome new owners and to build on the yard's success over the coming months.

Special thanks to jockeys Brian Hughes, Joe Cullivor, Joe Williamson, Paddy Hanlon, Charlie Maggs and William Maggs with their brilliant wins.

We would like to thank all the owners, suppliers and connections for their time and continued support. We hope you enjoy your time at Patrick Neville Racing!

# MIDDLEHAM TRAINERS' ASSOCIATION

## Middleham Open Day 2026

**T**he Middleham Trainers Association is pleased to welcome you to the 2026 Middleham Open Day.

Today offers a unique opportunity to explore nine of the UK's leading racing stables. Whether your interest lies in flat racing or National Hunt, Middleham has something for everyone.

Over the past year, Middleham has seen significant developments, including the appointment of a new MTA committee and the addition of a dedicated gallops team: Craig Errington, Ray Partis, Paul Dixon, and Danny Brooke. Their commitment to maintaining the gallops in all conditions is greatly appreciated.

We have also introduced a new all-weather seven furlong gallop on the Low Moor, along with upgrades to the three furlong gallop and schooling lane.

Middleham is proud to have received three Thoroughbred Industry Employment Awards, presented at Ascot Racecourse last month. Congratulations to Kieran Kourdache (Rider/Groom award & overall winner, Karl Burke), Freddie Wilks (Newcomer Award, Charlie Johnston), and Hayley Clements (Community Award, Micky Hammond).

Our horses—the stars of today—continue to showcase the quality of our facilities, from Group 1 success in the UK and internationally to doubles at wet and windy Sedgely.

We extend our thanks to Racing Welfare, particularly Gail and her team, as well as all volunteers assisting with gates and parking. We are equally grateful to the staff and horses who help make your visit enjoyable and memorable.

We hope you enjoy touring the yards and invite you to stay for this afternoon's entertainment on the Low Moor.
